

Visa + Samsung Pay is Here.

Adding your Northland VISA to Samsung Pay is as easy as snapping a photo.

Simple to Set up. Simple to Pay.

1. Make sure your compatible Samsung device* is updated with Samsung Pay.
2. Take a picture of your Northland VISA with your device's camera.
3. Secure it with your fingerprint and backup PIN and you'll be ready to go.

Our Best Security, Built-In.

Samsung Pay transactions are authorized with your fingerprint and use a digital identifier instead of your card number. And even if your phone is compromised, Samsung Knox technology encrypts your card info within a separate, secure data vault.

Convenience and Coverage.

Samsung Pay makes paying with your phone fast, easy and convenient. Plus, it works almost anywhere you can swipe or tap to pay. See a full list of Samsung Pay merchants at samsung.com/pay

Accepted at merchants where you see either of these icons:

Get the great features, rewards and benefits of your Northland VISA with Samsung Pay.

* See Samsung.com/pay for a complete list of compatible devices.
